   __________________________________________________________
   __________________________________________________________
   __________________________________________________________

2. Who was the Center of the Universe funded by?
   __________________________________________________________
   __________________________________________________________
   __________________________________________________________
   __________________________________________________________

3. What is the name of the artist that created the Center of the Universe?
   __________________________________________________________
   __________________________________________________________

As you are walking from the Center of the Universe to Anthropology find four different species of trees.

1. __________________________________________________________
2. __________________________________________________________
3. __________________________________________________________
4. __________________________________________________________

1. What is the name of the museum housed in the Anthropology building?
   __________________________________________________________
   __________________________________________________________

2. Name one of the two permanent exhibits in the museum.
   __________________________________________________________
   __________________________________________________________
1. How many flags are outside Scholes Hall? Which class dedicated the flagpoles to the University?
   __________________________________________________
   __________________________________________________
   __________________________________________________

2. Inside Scholes Hall, what is the name of the giant painting at the end of the hall on the right?
   __________________________________________________
   __________________________________________________
   __________________________________________________

3. Who’s office is to the left of the painting?
   __________________________________________________
   __________________________________________________
   __________________________________________________

As you walk from Scholes Hall to the Duck Pond name three different species of trees.
1. _______________________________________________
2. _______________________________________________
3. _______________________________________________

Look for the sign about feeding the ducks.

1. Name a type of food ducks can not eat.
   _______________________________________________

2. Name two types of food ducks can eat.
   _______________________________________________
   _______________________________________________

3. What other animals are at the duck pond?
   _______________________________________________
   _______________________________________________

4. What is next to the waterfall?
   _______________________________________________
1. Where are all the books in Zimmerman Library?

_________________________________________________

Name two things students can check out from the library:

_________________________________________________

_________________________________________________

What is the name of the room behind the class doors in the West Wing of the library (remember, this is a QUIET section of the building)?

_________________________________________________
Center of the Arts (1)
